PROJECT

Financing — *Android Application*

This application manages the related data of his / her financing business. By using this application, we can easily maintain users financing data on their mobile.

Experience —*from this Mini Project*

➔ I was able to manage my work by scheduling plans.
➔ Learned how to improve our end result.
➔ Also learned how valuable is time management.
➔ From this Financing project recognized the importance of perseverance and also consistency.

Documentation — *Financing project*

I have made a simple Documentation for this project. It helps me a lot during implementation of the project. I had uploaded this project and documentation in my Github.

HOBBIES

- Reading Books
- Enjoying Nature
